Maximum Damage Protection without Damaging Upfront Costs

More Money for Your Vacation

Everyone understands why a damage deposit is necessary. Things happen – items are lost, broken or stolen - and the unit must be returned to its original condition for the next guest. It's the upfront cost of a damage deposit that can tie up your precious vacation dollars and limit your fun, especially during an extended stay.

Access America, your trusted source for travel insurance and assistance services, is putting a new twist on damage protection with Property Damage Protector*. Enjoy your stay and receive more damage protection, up to \$3,000 per stay, at a significantly less upfront cost than typical damage deposits.
